

St Paul's CE School School Council

Y2 notes May 2023

Point	Minutes
What questions do you think we should ask someone who wants to be the new Headteacher of St Paul's?	Do you have experience with children? Do you like children? Why do you want to be a Headteacher? Are you kind? Do you have any pets? What new things will you add to the school? Are you ready to stand in front of 200 people? Are you confident to teach people the school values? Are you married?
What does the word History mean to you? Why is a timeline important? Where can we get evidence about what events have already happened?	History: History is the past, going back in time. It is the present and the future. It's a bit like the movie back to the future. If we didn't have a timeline we wouldn't know what happened in the past. It helps us remember what has happened in the past. We wouldn't know about the past. We could look in diaries. We could look on a timeline. We could ask Google or our Mums and Dads if they remember. We could look in a non-fiction book.
What things can be included in the topic of Geography? What skills does a geographer need? Have your class taken any trips to link to your Geography topics this year?	Geography: You learn about places in the world and special people. We can learn about continents. We can learn about climates. You can look at maps. Geographer skills: Map reading skills Good eyesight Good memory Remember the points on a compass Good sense of direction No trips this year that link to Geography
Feedback pupil survey results – thoughts?	It was exciting and fun Nice to do home learning and share the activity with my brother/sister The information was interesting and there were lots of yes answers.
